

## PERMANENT TARIFF BILL INTRODUCED

### UNOFFICIAL ESTIMATES PLACE RETURNS AS HIGH AS \$700,000,000 YEARLY

Payne-Aldrich Bill In Normal Years  
Produced a Little More than  
Three Hundred Millions Per Year  
--Some of the Main Provisions  
of Bill Outlined.

(By The Associated Press)  
WASHINGTON, June 29.—The administration's permanent tariff bill was introduced today in the house of representatives and for the first time was made public.  
No explanatory statements accompanied the introduction of the measure as heretofore has been customary and no official estimate was made of the revenue it is expected to return. Unofficial estimates by members of the ways and means committee, however, placed the expected return as high as seven hundred million dollars a year. The Payne-Aldrich law in the normal pre-war years produced a little more than three hundred million dollars a year.

Examination of the bill shows that in some cases the rates proposed are higher than corresponding rates of the Payne-Aldrich law while others are correspondingly lower.  
An estimate of how the whole bill compares with the Payne-Aldrich law would only be possible by tariff experts making a detailed study because the schedules of the new bill are in many cases not framed in parallel with the schedules of the Payne law but are differently constructed.  
In comparison with the Underwood tariff law of the Wilson administration the new bill removes many articles from the free list, although it leaves a large list free of duty, including print paper, wood pulp, leather and harness and agricultural implements. It raises the duties on the great bulk of imports already being taxed. It has made no notable additions to the free list.

Comparison of the wool schedule with schedule K of the Payne-Aldrich bill over which a bitter fight was waged in congress showed material reductions in a number of instances.  
Republican members of the committee refusing heretofore to give any intimation as to the provisions of the measure, declared today that the rates on wool were much below the Payne-Aldrich schedule. Democratic members of the committee did not have access to the bill until late today and they were at work tonight in an effort to find out just how it compared.

**Rates on Wool**  
Unmixed wools, 35 percent ad valorem; up to seven cents a pound. Underwood free. Woven fabrics 30 cents a pound and 22 percent ad valorem up to 36 cents a pound and 29 1-2 cents ad valorem. Underwood 35 percent.

Underwood 35 percent. Hose, gloves, mittens, thirty cents a pound and 25 percent up to 36 cents a pound and twenty percent up to 36 cents a pound and 25 percent. Underwood 30 percent. Clothing 20 cents a pound and 25 percent ad valorem up to 36 cents a pound and 30 percent. Underwood 35 percent. Carpets and rugs one to five cents a square foot and 30 to 40 ad valorem. ### AMERICAN LEGION RESOLUTION CAUSE OF COURT REBUKE

Judge Smith Says it  
Makes Veiled Attack  
on Judiciary

(By The Associated Press)  
SPRINGFIELD, Ill., June 29.—Charges that efforts were apparently being made to shield Nicholas Crudden, slayer of Louis Gamondes, a world war veteran, and demands for a special grand jury to investigate the killing were made today by American Legion officials. The resolution demanding speedy prosecution and upbraiding county officials for permitting Crudden to be freed under \$10,000 bond was adopted following the death last night of Gamondes 17-year-old widow.

Charges that Crudden has long been violating the liquor laws without molestation were made by the resolution, which recommended that the Legion employ a special prosecutor for the case. Gamondes was slain at Crudden's saloon following a quarrel with Crudden's bartender over a check. Crudden was held for grand jury investigation when a coroner's jury failed to determine whether the knife which was found in Gamondes' hand was in his possession when he is said to have attacked Crudden.

Gamondes' young widow is said to have died from tuberculosis. Judge E. S. Smith in the Sangamon county circuit court today rebuked the American Legion for its interference in the Crudden case and its criticism of county officials which he said was a veiled attack against the judiciary.

Members of the Spanish-American War Veterans and the World War Veterans were discussing today the question of adopting resolutions similar to the one adopted by the American Legion.

### JURY OBTAINED FOR TRIAL OF HOWAT AND DORCHY AT COLUMBUS

Ten Witnesses Had Been Examined Before Adjournment

(By The Associated Press)  
Columbus, Kas., June 29.—A jury was obtained this afternoon and when the trial of Alexander Howat and August Dorchy adjourned until tomorrow ten witnesses for the state had testified. Howat and Dorchy, president and vice-president of the United Mine Workers, district 14, are charged with criminal violation of the Kansas State Industrial Relations court law for the alleged calling of a strike last February at the H-Mine of the George K. Mackie Fuel company.

The witnesses put on the stand this afternoon were questioned concerning the cessation of work at the Mackie Mine.  
Testimony was given that work had been stopped to force payment of money that was claimed due Jarl Mishmash, a former employee at the mine and that the order stopping work had ceased to be in effect when payment had been made.

### UNKNOWN ROBBER KILLED IN ST. LOUIS

St. Louis, June 29.—An unidentified robber was killed early this morning in the southwestern section of the city by Frank J. Stewart, president of a laboratory company after the robber and a companion had held up and robbed Stewart and a young woman with whom he was riding in an automobile. The two men took charge of the car and upon leaving it were fired upon by Stewart, one being shot and the other escaping.

### RE-MARK PARKING SPACE

Members of the fire department have been busy for the past two nights re-marking the parking space about the public square. The work is well done and will make it much easier for car owners to properly place their cars.

### ALL BUILDING WAS SUBJECT TO GRAFT IN CITY OF CHICAGO

Buildings Large and Small Forced to Pay Their Bit

(By The Associated Press)  
CHICAGO, Ill., June 29.—The evidence that has been submitted to the Daley joint legislative committee investigating alleged graft in the building industry here has convinced the committee that "scarcely any building, large or small, erected in the city of Chicago within the last two years has been immune from the imposition of graft."

The committee made this statement in a report to the state legislature which was sent to Springfield tonight. The committee as such enters upon its last day tomorrow and thereafter will continue its work with broader powers as a state commission created by act of the legislature.

The exhibits produced by witnesses, the report says, show the many devices and practices resorted to by many labor business agents, associations of employers and material men to stifle competition and increase prices. Working rules, jurisdictional disputes and agreements of various unions and crafts have furnished a fertile field for criminal operations of dishonest business agents.

**Guilt of Hurtful Practices**  
Associations of material men have been guilty of practices as hurtful to building operations as the criminal practices of crooked business agents. These associations have endeavored to avoid the conspiracy laws of the state. Exchange of cost information, pooling of bids, exchange of bids and of price lists, reporting to each other of bids and contracts average cost systems, restrictive agreements with labor unions, agreements with dishonest labor leaders and many forms of "co-operative competition" and other euphemism have served as devices for the restraint of trade and the inflation of prices of building materials.

"The financial burdens imposed upon the building industry by these associations are greater even than those imposed by grafting business agents."  
"The opinion expressed by many witnesses is that the artificial burdens placed upon building by crooked business agents and criminal associations connected with the building industry have increased the cost of building in Chicago at least 30 per cent."  
The committee reports what it has done to have existing conditions corrected and of the consequent passage of bills by the state legislature to prevent graft, extortion and illegal combinations.

Among the associations which the committee reports as having been under investigation are the Chicago Retail Lumber Dealers' Association, Lumbermen's Association of Chicago, Building Material Exchange, American Face Brick Association, Chicago Face Brick Association, Millwork Cost Information Bureau, Reinforced Brick Association, Master Steamfitters' Association, Sheet Metal Contractors' Association, Master Plumbers' Association, Employing Plasterers' Association, Chicago Contracting Team Owners' Association, Chicago Cartage Exchange, Building Construction Employers Association and the Associated Builders of Chicago.

### ALLEGED BANK ROBBER KILLED

Chicago, June 29.—Leonard Banks, associated with "Spike" O'Donnell, the bank robber, and believed by the police to have been implicated in several robberies was shot to death this morning in a revolver fight with policeman John McMahon. McMahon ordered Banks to halt and be searched for weapons. Banks fired three shots at McMahon, one grazing the latter's shoulder and the policeman retaliated by firing twice, killing Banks almost instantly. Banks was at liberty under a writ of superseas after conviction as one of the robbers who held up a local bank some time ago.

### SEPARATE BRANCH TO PROBE BUILDING GRAFT

Chicago, June 29.—A separate branch of the state's attorney's office to conduct an investigation of alleged graft in the building industry here was created today by State's Attorney Robert E. Crowe. Mr. Crowe also announced that the special grand jury which for two months has been investigating building conditions would be continued through the summer without a vacation.

Albert Krueger, the most seriously injured, is expected to die. His skull was fractured and his body crushed in the underground wreck.

EAU CLAIRE, Wis., June 29.—The state convention of the American Legion in session here voted unanimously today to send a message to George S. Carpenter at Manassas, N. Y., wishing him success in his bout July 2 with Jack Dempsey. The message, which was in the form of a resolution was received and adopted with cheers.

CHICAGO, June 29.—A re-division of the trans-continental air mail service was announced today by A. E. Dunphy, superintendent of the Central Division. The number of divisions will be reduced from four to three, effective July 1, the remaining points being New York, Chicago, Rock Springs, Wyo., and San Francisco.

BUFFALO, June 29.—Maximum use of waterways from the great lakes to the Atlantic was the aim announced by the great lakes Hudson river and Atlantic waterways association at its first annual convention here today. An annual tonnage of seventy million for the barge canal should be possible, Dr. Henry Moskowitz, chairman, declared.

SPRINGFIELD, Ill., June 29.—Miss Margaret Thompson of Middletown, Ohio, was re-elected grand president of the Phi-Beta Psi sorority here today. Other officers are: Miss Alma Heidecke, Springfield, vice president; Miss Gladys Diver, Middletown, Ohio, secretary; Miss Helen Mannix, Indianapolis, treasurer. Indianapolis was selected for the 1922 convention.

WASHINGTON, June 29.—Five hundred sixty-one million dollars' worth of railroad securities, including four hundred and eleven million dollars' worth of bonds have been issued with the approval of the interstate commerce commission during the last year. W. A. Colston, director of the commission's bureau of finance testified today before a senate investigation committee.

### HOLD CONSTABLE ON CHARGE OF KILLING MINER

Victim Died of Pistol Wounds Inflicted at Zeigler in May

(By The Associated Press)  
Danville, Ill., June 29.—A coroner's jury today found John Kelly, a constable at Zeigler, Franklin county, to be unlawful slayer of Paul Kocurek, a young Lithuanian miner who died in a hospital here from a bullet wound in his right chest inflicted by the officer in a Zeigler dance hall, May 24.

The jurors recommended that Kelly be arrested and prosecuted from under and it is said the charge will be pressed by the American Legion, members of which gave Kocurek a military funeral here today.  
Four young men, three of whom attended the dance at Zeigler and one of whom, John Bottwinis was shot through the body by the constable testified at the inquest. The officer was intoxicated at the time and fired indiscriminately into the crowd, five of the six shots hitting persons in the hall.

Kocurek was released from the Zeigler hospital two weeks after the shooting and came to Westville, near here to visit his mother. An artery, grazed by the bullet, ruptured causing his death.

### LEAVES FOR VACATION

Miss Annie Tanner left last night for Old Mission, Mich., where she will spend the summer months in company with her sister, Miss Laura Tanner of New York, and Dr. Harriet Taylor of Ann Arbor, Mich.

### HOUSE ACCEPTS AMENDMENT OF SENATOR BORAH

No Effort Was Made to Offer the Porter Substitute

(By The Associated Press)  
WASHINGTON, June 29.—The house agreed today to the Borah disarmament amendment to the naval appropriation bill. The vote was 320 to 4.

Wild shouts greeted Representative Kelly of Michigan in charge of the bill when he moved to connect with the senate in the Borah amendment to the naval appropriation bill. In no mood for extended debate, many members rose, applauded and cheering and began to chant "vote, vote, vote."

They quieted down, however, when Representative Mondell Republican leader, had the clerk read a letter he had received from President Harding in which the president declared it was "wholly desirable" to have the expression of a favorable opinion on the part of the congress relating to world disarmament.

**Substitute Not Offered**  
Contrary to the expectations of some members no attempt was made to offer the Porter substitute which was considered broader than the Borah amendment in that it would not restrict participants in the proposed conference of Great Britain, Japan and the United States, nor discussion solely to reduction of naval armaments.

After referring to the Borah amendment as "narrow and restrictive" Mr. Mondell declared that inasmuch as the bill would go back on the last day of the fiscal year to the senate where one persistent and insistent gentleman can block the wheels of legislation, he doubted whether it would be "wise to haggle over the exact wording of the amendment."

### NINE JURORS HAVE BEEN TENTATIVELY ACCEPTED IN TRIAL

Four Women and Five Men Secured in Kaber Murder Case

(By The Associated Press)  
CLEVELAND, O., June 29.—Nine jurors, four men and five women had been tentatively accepted by both the state and defense when the trial of Mrs. Eva Catherine Kaber, charged with the murder of her husband, Daniel F. Kaber, adjourned this afternoon until next Tuesday.

With the tentative seating of four women over the objection of Mrs. Kaber's counsel it became known that her attorneys are busy building a defense on a plea of insanity which they assert will not be depended upon solely.  
During the noon recess of court today Dr. G. A. Hyde, superintendent of the Massillon State hospital for the insane on invitation of Mrs. Kaber's counsel, examined her at the county jail. Attorney William J. Corrigan said clients inquired into her past life and particularly events leading up to the murder of Mr. Kaber by hired assassins in the Kaber home July 18, 1919.

Adjournment today until next Tuesday was necessitated by reason of the venue of prospective jurors having been exhausted. A new venire of one hundred tales men has been ordered to report tomorrow but Mrs. Kaber's counsel insisted on the three days permitted by law during which to inquire into the validity of the new venire.

### CHARGED WITH TRYING TO DEFRAUD

Rockford, Ill., June 29.—Charged with conspiring to defraud the government in alleged payroll irregularities, Sergeant Major James L. Dearing of the 78th field artillery was arraigned before a court martial at Camp Grant today. Sergeant Claude R. Wilburn will be arraigned when Dearing's trial is completed. Percy I. Douglas, a former soldier and Mrs. Marjorie Govin are being detained in Chicago in connection with the case.

### MANY VISITORS COMING FOR JULY 4TH

Excursion rates on the Chicago & Alton will bring visitors to Jacksonville from Kansas City and from some other points for the Fourth of July holiday. The favorable rates granted will probably mean a large influx of visitors who will take this opportunity of coming to the old home town to spend a few days with relatives. All indications point to a big crowd in Jacksonville on the Fourth.

### DIRECTOR DAWES TELLS MEMBERS AND OFFICIALS HIS PLANS

Tells Them That He is to be Eyes and Ears of the President and Tell Him What is Going On—Says What Head of Any Business Corporation Has the Right to Know

(By The Associated Press)  
WASHINGTON, June 29.—President Harding, the "abinet and six hundred odd officials who guide government expenditures met today with Director Dawes of the new budget system, to lay what was hailed as the foundation for a new era of economy in federal administration.

The president opened the conference with the declaration that "there is not a menace in the world today like growing public indebtedness and mounting expenditures." He referred to the gathering as a first and extraordinary method adopted to meet emergency and gave way to Mr. Dawes.

The new director promptly jumped off the platform "to get mentally closer" he said to his audience and in the 45 minute talk which followed, alternately cajoled, threatened and reassured his auditors, addressed the president and admonished the cabinet members personally.

In concluding he ordered the bureau chiefs to their feet and holding up his hand, recited the following pledge addressed to the president:  
"These men of whom I am one, realize that the business of the country is prostrate that its workmen are out of employment that we are faced with exorbitant necessity of reducing expenses and we propose just as we did four years ago to win the war, to try to do it. And that's all we can do."

Will Urge Amendment to Give People Control

(By The Associated Press)  
Springfield, Ill., June 29.—Determination to continue his fight for complete municipal home rule over utilities was announced tonight by Governor Small in signing the Illinois commerce commission bill.

"The law creating the Illinois Commerce Commission repeals the act which created the state public utilities commission," the governor said. "It gives to the people some degree of home rule and to that extent is a step in the right direction, but as amended by the senate it does not give that measure of home rule which the people earnestly expected."

"I shall not abandon the fight for more complete home rule but shall urge the amendment of this law so the people will have the right to control and regulate their public utilities."

"The people of Illinois may rest assured that the commission which I shall appoint will never approve the policy that contracts between public utility corporations and the people are not binding upon the corporations as well as upon the people."

Senate amendments to the utilities bill almost throttled the home rule clause by requiring the name of 25 percent of the voters to petitions for city council regulation of utilities.

In cities which adopt home rule the utility companies have the right to appeal to the state commission from council decisions and either side in rate controversies may appeal from the commission's ruling to local courts.

The bill provides for local hearings of cases.

### HAYWOOD SENDS RADIO TO CLYNE

CHICAGO, June 29.—U. S. District Attorney Clyne today announced that he had received a radio message from William (Big Bill) Haywood, which stated that he was leaving Moscow on July 12 and would surrender to the federal authorities as soon as he landed in this country.

Mr. Clyne made public the cablegram which was as follows:  
"My Dear Friend Clyne:  
"Will leave here July 12 and will arrive in New York July 26."  
Mr. Clyne in commenting upon the cablegram said:  
"Haywood has an awful lot of nerve calling me 'friend Clyne'."

### GREEKS EVACUATE ISMID, ASIA MINOR

Constantinople, June 29.—The Greeks have evacuated Ismid in Asia Minor, and the Turkish Nationalists under Mustapha Kemal Pasha now have a clear road to Constantinople. The Nationalists are not expected to respect the neutral zone prescribed by the allied commission.

## CHANGES BEING MADE IN WADDELL STORE

Corset Department Removed to Second Floor and Enlarged—Many Other Improvements Being Made.  
The extensive changes which are being made in the department store of F. J. Waddell and company will afford the most up-to-date and efficient service possible for the many patrons of the store. The changes have been made after a careful study of the newer ideas which are being carried out in different department stores over the country.

The corset department of the local firm has been removed from the main floor to the second floor. Here, two fitting rooms have been furnished with the most carefully chosen and up-to-date appointments. The regular fitting room is finished in French, ivory and contains two full length tilting mirrors. Chairs and a dressing table complete the appointments for this room.

The surgical fitting room with furnishings designed for the most efficient service in surgical cases, affords to the patrons of the local firm accommodations which are ordinarily available only in the larger cities. It is universally conceded by surgeons and hospital officials that the proper fitting of a corset is closely connected with the success of operative cases. This new surgical fitting room will afford the most efficient and modern service possible along this branch.

Miss Hunter, who has for many years been at the head of the corset department at Waddell's will have charge of all the surgical work. She is a graduate of the Gossard school and is an expert in her line. Miss Hunter works in co-operation with the doctors and has given most satisfactory service in difficult cases which she has been called upon to handle. Miss Esther Collins is to be her assistant in the department.

The change in this department has necessitated changes on the first floor. The needle work department is to be enlarged this fall and many changes are to be made in the drapery department. A new line of draperies is being put in and another modern feature is to be added in the making up of drapery material. In the future, purchasers of drapery material may have the goods made up into window drapes, pillows and cretonne sets as covers for porch furniture.

Mr. Plouer in speaking yesterday of the enlargements in the different departments, said that the firm had contemplated the changes for some time. The management feels that the removal of the corset department to the second floor, will make it more private.

and will bring this department up to the high standard of other departments of the store. The fitting of a corset, today, is one of the most essential features of the properly groomed woman's attire and it is felt that these changes will render the best possible advice and service for the patrons of the local firm.

The changes have made the second floor of the store very attractive in appearance. The appointments in the fitting rooms are very attractive and well chosen and the other rearrangements add greatly to the up-to-date and efficient appearance as well as service attained by the Jacksonville store.

ROODHOUSE MAN TO  
RETURN FROM ARKANSAS

W. A. Jolley Has Spent Several Weeks With Relatives and Friends in Arkansas—Other Roodhouse Items.

Roodhouse, June 29.—W. A. Jolley, who left June 8 for Stuttgart, Ark., to visit his sisters, Mrs. S. J. Ferguson and Mrs. J. C. Cates, writes he will be home the latter part of the week.

Mr. Jolley spent a few days at Hot Springs and Little Rock with former Medora friends, Mr. and Mrs. Roach at the former place and Mr. and Mrs. Gilbert Strode at Little Rock.

Mrs. Stanley Minor of Cleveland, O., is visiting her aunt, Mrs. James Sink and Miss Hallie Rimbey, and her father, T. J. Rimbey, in Roodhouse. Delmar Winters arrived home recently from Abingdon, Ill., where he has been for a week the guest of his uncle and aunt, Mr. and Mrs. W. F. Walker. James Sink and Dr. Smith have recently cut 240 acres of fine wheat.

Mrs. James Andrews and Mrs. Harold McFall are expecting their sister, Mrs. Rolla Adams and husband from Kansas. They will visit for a time in Roodhouse and later will drive to Cleveland, Ohio.

Mrs. C. W. Payne is a patient at a St. Louis hospital, having recently undergone an operation there. Her many friends will be glad to know she is improving steadily in condition.

About 1500 persons witnessed the baseball game between the Hillview Sluggers and the local men Sunday afternoon. The Hillview players have had a long series of victories and were confident they could defeat the local men. However, they later found they were mistaken. The game was played at Legion park which is said to be the finest ball park in this part of the state. Extensive additions have recently been made to the grandstand, wings on each side practically doubling its seating capacity. The crowd Sunday completely filled all available space.

Bartley and James Johnson have returned to their home in this city.

MISS NAUGHTON IS JUNE BRIDE

Weds Charles Harmon Wednesday Morning—Ceremony Said at Church of Our Savior.

One of the prettiest weddings of the June season occurred yesterday morning at the Church of Our Savior, when Miss Margaret Naughton became the bride of Charles D. Harmon. The ceremony was performed by the Very Reverend Father Formaz at eight o'clock, before a large company of friends and relatives.

Before the ceremony Miss Margaret Ring played several beautiful organ selections. The couple were attended by Miss Edna Walsh, a cousin of the bride, and Joseph Sheehan of this city who acted as best man. Frank Bonansinga and Thomas M. Walsh, Jr., a cousin of the bride, were the ushers.

The bride was charming in a gown of white gorgette crepe and she carried a shower bouquet of bride's roses. The bridesmaid was gowned in pink chiffon over taffeta and carried Russell roses. Following the ceremony a five course wedding breakfast was served at the home of the bride's aunt and uncle, Mr. and Mrs. T. M. Walsh, on West North street. About forty friends and relatives were the guests at the breakfast. The Walsh home was very attractively decorated with ferns and flowers.

The bride is the daughter of the late Mr. and Mrs. Peter Naughton of Middletown, Ohio, and is a niece of Mrs. T. M. Walsh of this city. Mrs. Harmon took a three years' nurse's training course at Glocker sanatorium in Colorado Springs. After completing this course she came to Jacksonville and has made her home with her aunt for several years.

The bride has been a nurse at Our Savior's hospital and her faithful service, efficiency and charming sympathetic personality have won for her a wide circle of friends who will wish her every happiness.

## MRS. W. B. GROVES DIED HERE WEDNESDAY

Well Known Local Woman Had Spent All Life in County—Funeral to be Held Saturday.

Mrs. William B. Groves, whose entire life has been spent in Morgan county, died at 11 o'clock Wednesday morning at Our Savior's hospital. Mrs. Groves had been a patient at the hospital for a number of weeks past and was taken there because a serious condition made a operation necessary. Death was due to a complication of diseases.

Before her marriage Mrs. Groves' name was Mary McSherry and she was the daughter of John and Mary McSherry, who were prominent residents of Chapin precinct, their farm being located a short distance west of Chapin. There Mrs. Groves was born Oct. 9, 1869. Her marriage occurred June 1, 1893, to William Groves and their home was established on a farm two miles northwest of Jacksonville and maintained until 1917. It was in May of that year that Mr. Groves died, his final illness being the result of an automobile accident which happened ten months earlier. In that accident a daughter, Mary Ellen Groves, was killed as was the mother of Mrs. Groves, and others were injured.

In early life Mrs. Groves became a member of the Church of Our Savior and she was faithful in all her church relationships, taking an active part in the affairs of the Aid society and of the Ladies' Aid society. The deceased held membership in the Mound Woman's club and the Jacksonville Woman's club and was known to many people because of her kind and generous spirit and her evident desire to live a life of service for relatives and friends.

The deceased is survived by one son, John W. Groves, and one sister, Mrs. John W. Clary, with whom she has made her home since the death of Mr. Groves.

The funeral service will be held Saturday morning at 9 o'clock at the Church of Our Savior and interment will be made in Calvary cemetery.

## DEMPSEY ENDS TEN WEEKS OF TRAINING

Takes Final Hard Workout for Big Bout — Looks to Be in Fine Condition.

Atlantic City, N. J., June 29.—With a light fifteen minute workout that included three rounds of boxing, Jack Dempsey today ended ten weeks of training in preparation for the defense of his world's championship Saturday. The champion took his final workout under the burning heat of a mid-afternoon sun. After working for the last two days in private, Dempsey performed in public today.

"Good boy, partner; I'm glad it's through. You have done good work," said Dempsey to the much battered Larry Williams, when time was called, ending the final round of boxing. Dempsey's final day of training was exceedingly quiet. After taking a long walk over the paved highway leading west from the camp, Dempsey returned for a brisk rub down and a light breakfast. Before dressing the champion jumped on the scales in his rubber room and balanced the beam at 152 pounds.

He dropped into a big easy chair in the shade of his front porch and spent the balance of the morning chatting with a few

friends until time for his mid-day nap.

Dempsey looked every inch a finely trained fighter when he crawled into the ring with Williams. His arms, shoulders and face were deeply tanned from the long exposure to the sun. Dempsey tugged at the heavyweights for a three minute round and then shadow boxed for another three minutes before pulling on the gloves to face Williams. His speed, footwork and cleverness in blocking convinced the experts that Carpentier will not have an easy task hitting him. Dempsey permitted Williams to drive punches at his jaw and body and contented himself with attempts to block them. In the clinches the champion displayed his ability at infighting.

After the crowd had filed out of the arena Manager Jack Kourns gave out the program for the next two days. Dempsey will do nothing more than punch the light bags for a round or two tomorrow. The champion's departure for Jersey City is scheduled for Friday.

He will be secluded in a private house in Jersey City the night before the battle.

## AMERICANS REACH FINALS IN TOURNEY

Tilden and Miss Ryan Will Play for Singles Championship in Their Respective Classes.

WIMBLEDON, England, June 29.—American tennis players will compete for both the men's and women's turf court championship. William T. Tilden, the world's singles champion, already was slated to meet the winner of the final of the men's singles, which is to be fought out between Manuel Alonzo of Spain and B. L. C. Norton of South Africa and today Miss Elizabeth Ryan of California reached the championship plane by winning from Miss Satterthwaite of England in straight sets 6-1, 6-0.

Miss Ryan will have as her opponent in the champion event Mlle. Suzanne L'Englen, the French champion. In her victory Miss Ryan showed brilliant in the use of her chop and drop shots. The American player did not volley a single ball in the first set which was won with great ease. In the second set Miss Ryan simply bewildered the English woman; Alonzo and Norton will compete tomorrow to decide who will meet Tilden for the title Saturday. Tilden said today that he was playing in better form than at any time since his arrival in Europe.

## FIGHT FANS SURPRISED AT SMALL SIZE OF RING

Do Not Understand Why Carpentier Failed to Protest Small Ring—Some Believe it Indicates He Will Make a Standup Fight of It.

NEW YORK, June 29.—Paris fight fans aren't the only folks who are surprised that Georges Carpentier is going to meet the hard hitting Dempsey in an 18 foot ring.

The contract signed by the boxers set forth that the fighting area should not be less than 18 feet square, nor more than 24 feet square.

The fact that no official protest has been received from the Carpentier camp over installing of the minimum sized ring has caused much comment in American boxing circles. The Frenchman is understood never to have boxed in a ring less than twenty feet square and his willingness to meet the champion in a smaller area has led to the impression that he does not intend to take excessive advantage of his remarkable footwork, but rather plans to box Dempsey toe to toe.

The special ring is framed with steel with a wooden floor padded with felt and covered with regulation canvas. Measuring 18 feet inside the ropes, it has a two foot extension. Three ropes, one and a half feet apart will border the fighting field and the posts will be set back a foot from the ropes to prevent injury to the boxers if either is forced into a corner.

According to Rickard only an all-day storm of unusual intensity will cause postponement of the bout until the Fourth of July.

In case of a light rain the ring will be covered with heavy tarpaulin until the principals are ready to shake hands. The spectators will take what the weather bureau offers.

The ticket sale continued heavy. At Rickard's Madison Square Garden headquarters the sale has tripled, apparently because of the reports of counterfeit tickets being in circulation.

## OESCHGER'S PITCHING WINS FOR BOSTON

Boston, June 28.—Oeschger held New York to four hits today and Boston won 3 to 2. After New York had taken the lead in the sixth inning singles by Barbare, Cruise and Boeckel and a base on balls to Southworth provided the tying and winning runs. New York . . . 000 002 000—2 4 0

## COLLEGE PLAYERS REACH SEMI-FINALS

Philadelphia, June 29.—Fritz Patton of the University of Indiana will meet Philip Neer of Leland-Stanford and J. B. Fenno, Jr., of Harvard, will play McNeil Drumwright, University of Texas in the semi-final round of the intercollegiate lawn tennis championship tomorrow.

Bastian qualified for the semi-final round today by defeating Carl Fischer, University of Pennsylvania captain, who had been picked by the majority of critics as the favorite for the title.

Bastian, who is the champion of Indiana, won because of his staid play and excellent work at the net. He returned Fischer's drives very deep gradually working his way to the net where his volleying and cross courts shot gave him the advantage.

## CARPENTIER PUTS ON MORE MYSTERY STUFF

Manager Descamps Announces Four Rounds of Boxing With Four Different Men.

Manhasset, N. Y., June 29.—Georges Carpentier boxed four rounds with as many sparring partners this afternoon, Francis Descamps, his manager, announced tonight. Identity of the four pugilists was not revealed.

It was also declared at the camp that the challenger had not boxed with Tom Gibbons, St. Paul heavyweight, despite widely circulated reports to that effect. Today's activities were largely shrouded in mystery.

Carpentier went out on the road this morning for a light but lengthy workout. When he returned he was sent behind the barn with Trainer Wilson, Charles Ledoux, French bantamweight champion and Paul Journee. He remained there three quarters of an hour. Strict orders had been given the gate attendants to keep everybody out and after it was over Descamps came to the fence and said Georges had worked lightly and had not sparred.

"He has done enough boxing and will not do any more until the bout," he said.

Then Descamps, accompanied by Pierre Mallet, motored to New York for a conference with Tex Rickard. They later went to Jersey City to look over the arena.

While the manager was away Georges spent 15 minutes in the outdoor ring shadow boxing and jumping the rope. When Descamps returned he announced that in his absence Georges had boxed four rounds.

The only sparring partners seen by newspaper men in the camp during the day were Ledoux and Journee.

# Daily Market Report

## PRICE OF WHEAT

### MAKES ADVANCE

CHICAGO, June 29.—Wheat prices rebounded with vigor today from yesterday's big fall. Much export business had developed and crop reports were the worst so far this season. The market closed strong 4½ to 6 cents higher with July \$1.23½ to \$1.24½ and September, \$1.22½ to \$1.23½. Corn gained 3½ to 5½¢ and oats 1½ to 1¾. Provisions finished unchanged to 22 cents higher.

Although some depression was shown at the outset in the wheat trade prices quickly began to climb and throughout the remainder of the session the course proved to be practically all toward higher levels. It was estimated that export sales over night had totaled 1,250,000 bushels and that further European demand was in prospect for drought reports were at hand from Russia, Rumania, France and Argentina and great Britain. The advices from Russia were so distressing as apparently to place that country altogether out of possibility as a source of supply this year. In addition, reports from the domestic spring crop belt left but little doubt that unless rains came almost immediately the yield would be reduced at an alarmingly rapid rate. Stoppage of rural selling as a result of yesterday's sudden break was also an important bullish factor and the day ended with shorts running to cover.

Complaints of excessive dry weather in many sections gave rise to some anxiety in regard to corn as well as wheat. An unusual bulge in corn values followed and oats were hoisted.

Provisions went higher with hogs and grain.

## STOCK EXCHANGE

### BUSINESS DULL

NEW YORK, June 29.—Business on the stock exchange today was dull but a firm to strong undertone prevailed.

Buying for other accounts, notably among steels, equipments, domestic oils, motors and speculative specialties effected further recoveries of 1 to 4 points. These were irregularly scaled down in the final hour on the rise of call money from 5½ to 6 per cent, the maximum quotation of recent weeks.

The net result showed a majority of gains.

Rails were irregularly higher although many May statements of earnings again proved disappointing.

Southern Pacific annual report, showing net returns equal to 10.57 per cent exerted little influence. Sales amounted to 585,000 shares.

The higher rate for demand loans and small offerings of time money occasioned little surprise. Federal reserve banks will withdraw an additional thirty million dollars tomorrow or a total of sixty-two million dollars for the week. Liberty bonds were irregular, the 3½s declining to 86 1/4 within a fraction of their low record.

## ILLINOIS WESLEYAN CAMPAIGN NEARS CLOSE

Goal of \$660,000 Certain With Close of Campaign Today — Dr. J. R. Harker Sends Telegram of Congratulation.

People of Bloomington are just concluding a most remarkable campaign for funds for Illinois Wesleyan. The campaign is to close today and it is certain that the goal of \$660,000 as McLean county's proportion of the Wesleyan endowment fund will be exceeded.

This is made possible partially by a special gift of \$100,000 which will be used for the erection of a building on the Wesleyan campus especially as a soldiers' memorial. After the people at the polls defeated the proposal to erect a memorial by taxation, a well known McLean county citizen and his wife determined to supply the memorial fund themselves, and the \$100,000 thus contributed will be in excess of the \$660,000 quota.

President J. R. Harker of the Woman's college who has been intensely interested in watching the development of the Bloomington campaign under the direction of Dr. Hancher, last night sent the following telegram of congratulation:

"Jacksonville and the Woman's college congratulate Bloomington and Wesleyan on the splendid victory. This wonderful achievement shows what can be done when an entire community unites in hearty co-operation. Thanks are due to the association of commerce, the lodges, the clubs, the men, women, Protestants, Catholics, Jews and all classes in both city and county. Hurrah for Bloomington."

## Social Events

Enjoyed Picnic at Park

A party of young people with Mr. and Mrs. A. J. Haney as the chaperones went to Nichols park Wednesday evening for a picnic. They took ample supplies of good things with them and the occasion was in every way enjoyable.

Gave Pleasant Party

Friends of Miss Catherine Goebel were her guests at a garden party given at the home of her parents, Mr. and Mrs. W. G. Goebel, at Duncan Place Wednesday evening. The hours were very happily spent by the children.

Queen Esther's Enjoy Picnic at Park

The members of the Queen Esther Circle of Grace church had a very enjoyable outing at Nichols Park last evening. There were about sixteen people in the gay party that drove out to the park about six o'clock. A delicious picnic menu had been planned by the committee consisting of Miss Josephine Ross and Miss Eunice Hopper.

Several guests were present at this enjoyable event. These included Mr. and Mrs. S. B. Erickson and two children and Miss Dora Askdal, all of Minnesota.

Picnic in Honor of Friends

The girls in the Industrial Department of the Clover Leaf company had a picnic at Nichols park last evening in honor of Miss Lucile Kastrup and Miss Pauline Hankins, who are leaving the office soon.
